OFFICE & PAYMENT POLICY INFORMATION

FINANCIAL POLICY:

Payments for Healthcare Services provided in this office are due the day that services are rendered, unless other arrangements have been made prior to seeing the doctor. Patients are personally responsible for all charges.

OUR GOAL:

We believe that a clear definition of our office policies will allow you, the patient, and us, the doctor, to concentrate on the big issue - REGAINING AND MAINTAINING YOUR HEALTH. It is the goal of this office to provide you with the finest quality healthcare available. If you have any questions regarding your healthcare, or any of our policies, please let us know. We welcome your referrals and look forward to a mutually rewarding doctor-patient relationship.

INSURANCE POLICY:

I understand, and agree, that health and accident insurance policies are an arrangement between my insurance company and myself, and **not** between my insurance company and this office.

Assignment of Insurance benefits will be accepted upon proper verification of coverage and at the discretion of this office, however **benefits quoted are not a guarantee of payment.** Benefits are determined at the time of processing. In the event that an "Explanation of Benefits" comes back stating patient responsibility, the patient will be sent a bill.

This office does not file for, or accept assignment for, out-of-network or secondary insurance benefits. We will, however, provide you with documentation to assist you in collecting from your insurance carriers.

APPOINTMENT POLICY:

We want to thank you for choosing us as your healthcare provider. Please remember that we have reserved appointment times especially for you, and we attempt to honor all appointments at the scheduled time. Therefore, in the event you are unable to keep an appointment for any reason, we request that you call immediately to reschedule your visit. This will enable us to schedule other patients for that time.

When you cancel your appointment at the last minute, everyone loses - you, the doctor, and other patients who would like to have utilized your appointment time. In the event that you do not contact our office to cancel or reschedule your appointment, at least 2 hours prior to your scheduled time, you may be billed a \$20 missed appointment fee. Failure to comply may result in dismissal of care.

I have read and understand the above policies. Any questions I had have been answered to my satisfaction, and I understand my responsibility as a patient. I also understand that if my insurance does not respond within 90 days, or if I suspend or terminate my schedule of care as prescribed by Korman Relief & Wellness Center, all fees will be due and payable immediately.

Should there be any instance of a bounced or returned check, I acknowledge that I will be charged a fee of \$10 per bounced check.

INFORMED CONSENT FOR THERAPY TREATMENT

Physicians and physical therapists who perform soft tissue therapies and spinal manipulations are required by law to obtain your informed consent before starting treatment.
I,, do hereby give my consent to the performance of conservative, non-invasive treatments to the joints and soft tissues. I understand that the procedures may consist of soft tissue and/or spinal manipulations involving movement of the joints and soft tissues.
Physiotherapies and exercises which may be used by this office include:
 Class IV Deep Tissue Laser Infrared Light Therapy Vibration Plate and/or Whole Body Vibration Back on Trac (Low Back Decompression and/or Cervical Decompression) Knee Trac (Knee Decompression) EMS Ultrasound Rebuilder Specialized Myoneural Therapy
Although these treatments are considered to be safe for neuromuscular problems, I realize that there are possible risks and complications associated with these procedures, as follows:
• Soreness: I am aware that, like exercise, it is common to experience muscle and/or joint soreness after the first few treatments.
• Physiotherapy Burns: Some of the therapies used in this office generate heat and may rarely cause a burn. Despite precautions, if a burn is obtained, there will be a temporary increase of pain and possible blistering.
• Bruising: Mild bruising may occur as a result of the soft tissue therapies.
 Joint Injury: I further understand that, in isolated cases, underlying physical defects, deformities, or pathologies, such as weak bones from osteoporosis, may render a patient susceptible to injury. When osteoporosis, degenerative disc(s), or any other abnormality is detected, this office will proceed with caution.
TREATMENT RESULTS
I also understand there are beneficial effects associated with these treatment procedures, including decreased pain and inflammation, increased circulation, and mobility. However, I appreciate that there is no certainty that I will achieve these benefits.
I have read, or have had read to me, the above explanation of soft tissue treatment. Any questions have been answered to my satisfaction. I made this decision freely and voluntarily.
